

TITLE: Price Transparency
SECTION: Finance (FIN)

PURPOSE

The Price Transparency policy provides information regarding the availability of price information. The policy documents how Saint Luke's Health System complies with Affordable Care Act (ACA) Transparency Requirement Missouri Senate Bill No. 608, and 2019 IPPS Final rule, Federal Register 8/17/18, 88FR41144, Section X.

POLICY

Saint Luke's Health System believes that in order for price transparency to be meaningful a personalized price estimate is needed. Personalized price estimates are Saint Luke's Health System's primary source of price information. Price estimates include, where applicable, facility charges, estimates of payer allowable and patient out of pocket responsibility to provide meaningful information to consumers.

PROCEDURE

Price transparency information and how to request an estimate for hospital services appear on the Saint Luke's Health System website. The hospitals provide price estimates when requested from patients. Patients may call, write or email to request a price estimate.

Requests from patients are referred to the Centralized Business Office or the Patient Accounting Office.

 Crittenton Children's Center 816-765-6600
 Hedrick Medical Center 660-646-1480
 Wright Memorial Hospital 660-358-5700

Requests from the media are referred to SLHS Media Relations at 816-502-8532 or 816-502-8533.

Price estimate software or manual identification of charges is completed. The payer allowable, based on regulated or contractual payer agreements, determines how much is allowed for the charges. The patient's insurance plan is verified and benefits confirmed. The confirmed benefits identifying co pay, deductibles and coinsurance are applied to the allowable amount to estimate the patients out of pocket responsibility.

The patient is provided with a verbal explanation of the price estimate. A consumer friendly written summary of the estimate is mailed or offered to the patient in person. If the patient cannot be reached, the written summary of the price estimate is mailed to the patient.
