

Saint Luke's Health Care Directions

■ **Take a copy of this with you whenever you go to the hospital** ■

I, (Please print) _____, DOB _____
want everyone who cares for me to know what health care I want when I cannot let others know what I want.

I always expect to be given care and treatment for pain or discomfort even when such care might shorten my life, make me feel like not eating, slow down my breathing, or be habit-forming.

I want my doctor to try treatments that may get me back to an acceptable quality of life. By acceptable quality of life, I mean living in a way that lets me do the things that are important and necessary to me. Those things are:

- Examples:
- recognize family or friends
 - make decisions
 - communicate
 - feed myself
 - take care of myself

I direct that no treatment be given just to keep me alive when I have:

- A condition that will cause me to die soon, or
- A condition so bad (including substantial brain damage or brain disease) that there is no reasonable hope that I will regain a quality of life acceptable to me (as described above)

WHEN the above conditions exist: (check & initial)

It is important to choose someone to make health care decisions for you when you cannot. Tell the person (agent) you choose what you would want. The person you choose has the same right as you do to make decisions and to make sure your wishes are honored. If you DO NOT choose someone to make decisions for you, write NONE on the line for the agent's name.

I appoint the person named below to be my agent to make health care decisions for me when and only when I cannot make decisions or communicate what I want done. This is a Durable Power of Attorney for Health Care Decisions and the power of my agent shall not end if I become incapacitated or if there is uncertainty that I am dead. This revokes any prior Durable Power of Attorney for Health Care Decisions. My agent may not appoint anyone else to make decisions for me. I and my estate hold my agent and my caregivers harmless and protect them against any claim based upon following this Durable Power of Attorney for Health Care or my Health Care Directions. Any costs should be paid from my own resources. I grant to my agent full power to make all decisions for me about my health care, including the power to direct the withholding or withdrawal of life-prolonging treatment. In exercising this power, I expect my agent to be guided by my directions as stated in my Health Care Directions (see reverse side). My agent is also authorized to:

- Consent, refuse or withdraw consent to any care, treatment, service or procedure (including artificially supplied nutrition and/or hydration/ tube feeding) used to maintain, diagnose or treat a physical or mental condition;
Make all necessary arrangements for any hospital, psychiatric treatment facility, hospice, nursing home, or other health care organization;
Request, receive, and review any information regarding my physical or mental health, or my personal affairs, including medical and hospital records;
Move me into or out of any State or institution for the purpose of complying with my Health Care Directions or the decisions of my agent;
Take legal action, if needed, to do what I have directed;
Make decisions about autopsy and the disposition of my body; and
Become my guardian if one is needed.

If you DO NOT want the person (agent) you name to be able to do any of the above things, draw a line through it, and put your initials at the end of the line.
